

I bought you this gift that will help the children at Destiny Garden School, Mombasa!

One month's supply of hygienic sanitary pads for all the Upper Primary girls

Destiny Garden School is a primary school in one of the poorest suburbs of Mombasa, Kenya. It provides a good education and a nutritious lunch with clean water to around 400 disadvantaged children, some of whom would otherwise struggle to get an education.

The school is supported by Destiny Children, a Macclesfield-based registered charity, which sends 100% of its donations, including Gift Aid, to DGS. The committee members cover all the costs of running the charity.
